

## FLOOR HEATING SYSTEM

### **FAST FACTS:**

---

- Heats tile, stone and laminate/engineered wood floors
- Suitable for wet environments such as showers and steam rooms
- Larger kits available (up to 120 sq ft in 120V and 240 sq ft in 240V)
- Redesigned, thinner cold-lead and factory splice
- New mid-point marker on heating cable
- Completely redesigned, easy-to-use cable guide
- Zero EMF (electromagnetic field) cable design
- Industry-leading customer service
- 25-year warranty

### **APPLICATIONS:**

---

nVent NUHEAT Cable is an ideal room specific heat source option for kitchens, bathrooms and other spaces where on-site adjustments are required.

### **HOW TO ORDER & PURCHASE NUHEAT CABLE :**

---

1. Calculate the square footage of the heated area(measuring instructions available at [nVent.com/NUHEAT/floor-heating/electric-floor-heat/cable.html](http://nVent.com/NUHEAT/floor-heating/electric-floor-heat/cable.html))
2. Determine the proper cable kit for your project
3. Fax a purchase order to Nuheat at 1.604.529.4404
4. If unsure which floor heating solution is best, contact the Nuheat Customer Care Team and a representative will recommend the appropriate cable kits and controls for your project

**\* You can also complete a quote request via our online quote request tool available at <http://nVent.com/NUHEAT/contact-us/customer-quote/>**
