

nVent NUHEAT Install Pro Alarm

PRODUCT OVERVIEW

nVent NUHEAT Install Pro Alarm (AC0200) is an electrical fault indicator that simultaneously monitors the hot, neutral and ground wires during installation of any line voltage floor heating system. If a wire is damaged during installation, the Install Pro Alarm will sound an alert, prompting the installer to stop and correct the problem before continuing.

AC0200 replaces the Mat Sense Pro (AC0100) and offers several improvements...

- Louder alarm tone (93 dBA vs. 78 dBA)
- Longer operating time (Over 24 hours continuous alarm operation vs. 1 hour)
- More easily replaceable battery included (9-volt battery vs. coin cell)

Use an Install Pro Alarm with every installation to ensure the system is installed without undetected damage.

SPECIFICATIONS

Part Number:	AC0200
Catalog Number / Short Description:	Install Pro Alarm
UPC:	620713031063
Product Name:	nVent NUHEAT Install Pro Alarm
Alarm loudness:	93 dBA
Rated continuous alarm time:	Over 90 dBA after 24 hours
Battery:	9-volt (included)
