CUSTOM MAT

STANDARD MATS

HOW TO ORDER & PURCHASE CUSTOM MAT:

1. Have the customer provide an accurate drawing of their room, including the full onsite perimeter dimensions, desired thermostat location, with all obstructions identified (vanities, toilets, vents, etc.). Please ensure that the installer or contractor contact information is provided in the event that we need to verify or confirm the dimensions.
2. Fax your purchase order with the appropriate Mat model numbers and pricing, along with the drawing to 1.800.527.5703 or email to res.customercare@nvent.com.
3. If no further information is required, we will manufacture and ship your Mat(s).
4. If further information is required, we will provide you with an AutoCad drawing, indicating section of the area that require additional clarification.

MAT ELECTRICAL DETAILS:

- 150 ft² can be installed on a single 120 V circuit
- 300 ft² can be installed on a single 240 V circuit
- nVent NUHEAT controls are equipped with ground fault circuit protection (G.F.C.I.)
- All nVent NUHEAT thermostats come with a floor sensing probe
- Electrical installation instructions are available at nVent.com/NUHEAT

INSTALLING MAT:

TROWEL THINSET

ROLL MAT ONTO THINSET

TROWEL THINSET AND INSTALL TILE

A professional tile setter installs the Mat onto the subfloor. A certified electrician connects the system to your household wiring.
